Here's Chance To Win Turkey Without Cost

Twenty area merchants are participating in the fourth annual turkey giveaway in preparation for Thanksgiving.

This is really a giveaway, it was pointed out, because there is no need for anyone participating to buy anything in order to have a chance at the turkeys. And by the same token - because there is nothing to buy, a ticket or merchandise, nor any obligation to be present - it is not a lottery. The only thing one has to do is write his or her name on one of the coupons appearing on the turkey page in this issue and deposit it in a container in the merchant's place of business. In fact, there is nothing to prevent anyone from depositing a coupon in each and every store involved.

Since there are 20 merchants involved, there are 20 turkeys to be given away and if you are lucky, one of them may be yours.

Acquiring Well Site A Problem

Getting a site for the new well authorized by the voters last summer is occupying the attention of the Mokena village board.

Village Attorney Ronald Galowich has been authorized to enter into negotiations in an endeavor to acquire a site on Denny st.

Some months ago the village believed that it had title to a parcel of land off Denny thru dedication by a one-time owner. It has been since developed that while the land had been dedicated for village purposes the owner had experienced a change of heart and sold the property.

There are five pieces of property on Denny, any one of which could provide a well site, it was said, and while the title is somewhat cloudy in spots Attorney Galowich was of the opinion that title could be quickly cleared in some instances thru negotiation.

The village has the right to condemn if it cannot acquire property thru agreement with the owner, it was pointed out, and condemnations would also have the advantage of clearing any clouds on title.

macy and New Lenox Standard Service.

MOKENA: Mokena Sales, Mike and Johns Texaco Service Station, Mokena Pharmacy and New Lenox Lumber.

ORLAND PARK: Noel Smith Decorator Show Case, Orland State Bank, Normans Cleaners, Hawkins Jr. Dept. Store, INR Beatty Lumber Co.

FRANKFORT: Frankfort State Bank.

age of clearing any clouds on title.

The village did ask the William Martin post of the Veterans to sell a small piece of its property on Wolf rd. for a well site (a piece 25 foot square plus an easement for access to it) but the members of the post voted against the proposition.

It was explained by a village spokesman sometime ago that a site along Wolf rd., south of the Rock Island tracks would be suitable because it could tie in with the main that will extend south on Wolf, which in turn would have a connection with the water storage tank alongside the village hall on Front st.

Village board members are striving to get a well site as soon as possible. They would like to get the well drilled this winter so the entire project, including proposed watermain extensions could be completed in the spring.

Sheathing of the water pipe leading from the well to the storage tank with a frost-casing is expected to be done shortly. The old casing has been removed.

Report Order Given To Speed Work On FAI-80

Work on FAI-80, the transcontinental east-west highway, is to be pushed in Illinois, according to information from usually reliable sources, and it is predicted that the 29-mile "missing link" between Hazel Crest and Joliet will be in use by the end of 1966.

This is at considerable variance with reports from the state highway department earlier this year. In the spring it was reported from the district engineer's office at Elgin that plans for I-80 between Joliet and Harlem ave. would not be ready until 1967. It was also reported from other sources that nothing could be expected of construction east of Harlem ave. in Cook county.

On Tuesday of this week bids were opened on the paving of several sections of the route in Cook county and a major portion of the project at Joliet.

It is reported there is to be another special letting within the next few weeks to get work started on the route thru the area.

The grade separation over I-80 on Wolf rd., near 183rd street, north of Mokena, was opened to traffic last Friday. Francis rd. is to go over I-80 between Gougar and Cedar roads, and that separation should be completed next month, it was said.

Cedar road will pass over I-80 north of New Lenox and it is expected that this contract will be let soon. There is nothing in the plans now, however, for the interchange the people of New Lenox would like for Cedar road, but that doesn't rule out that one might be constructed there in the future, it was said.

U.S. 45 is to cross I-80

in the vicinity of 183rd street and it is expected that this grade separation and interchange will be up for bids in the near future. It is reported that because of the underground wiring and cables for the WLS radio transmitter at 183rd and U.S. 45, Route 45 will be moved west approximately 300 feet.

Reports have it that the interchange will be built so Route 45 can be carried over the Rock Island tracks to a point south of 191st street, and 191st street would have an outlet for Route 45 as well as continuing its way eastward to Tinley Park.

The interchange at Tinley Park is scheduled for Oak Park ave., in the vicinity of the Prosperi airport, according to the best information available which would mean that it is not planned to open Harlem ave.

FAI-80 would be a most valuable highway in defense plans and it is believed that because of this that word has been given to expedite the work.

Mokena Zoning Board Opposes Classifying Marcoux Property R-2

The Mokena zoning board of appeals has recommended that the zoning change sought by Mr. and Mrs. Leo Marcoux for approximately 50 acres of land, west of 115th ave. and south of 195th st., be denied.

The petitioners asked that the classification be changed from R-1 to R-2. Both classifications are for single family residences but under R-1 lots must have a frontage of at least 75 feet while in R-2 they may have a frontage of 50 feet.

The petitioners told the zoning board at its recent hearing that the lots planned would have 65-foot frontages.

In its recommendation to the village board the zoning board said it could see no reason for reducing lot sizes

10 feet, from 75 to 65-foot frontages and that the petition should be denied.

The village board did not act on the matter at its session last week.

At the time of the zoning hearing it was brought out that the National Development Co., which has been engaged in building projects in Joliet, was prepared to erect 150 to 175 homes, some of frame, some of brick, some a combination of the two, and ranging in price from \$18,000 to \$22,500.

The developer, it was stated, would meet all the requirements of the Mokena subdivision ordinance, which calls for sanitary and storm sewers, water mains, curb and gutter and paved streets.

Village To Take Bids On Garbage Collection

When the New Lenox village board meets in December it plans to take bids on a garbage collection contract. Village Attorney William Penn is to have an ordinance drawn up to cover the mechanics of the program, the number of collections etc.

The board wants to have the program set up so it can get underway by Feb. 1, 1966. On that date the present set up for garbage collection on an individual householder level will have expired.

The village will have approximately \$5,000 a year, thru taxes, to pay for the garbage collection. It is the hope of the trustees that this sum will be sufficient so that no assessments would be placed against house-

holders. No details will be available, however, until the ordinance is adopted.

At the meeting of the board last week the final resolution was adopted covering the improvement of Haines ave., running west from Cedar rd. and along school property. From the office of Village Engineer Robert Hamilton came an estimate of approximately \$8,700 for the work but this figure did not include engineering fees. The cost would be taken from the village's share of the motor fuel tax. The resolution was sent to the state highway department for approval. Bids will be taken if approval is forthcoming.

The village is to take bids on a new truck. It is to have a dump body and of sufficient power to be used in snow

removal.

The squad car has been giving trouble and arrangements are being made to lease a new one. The lease has another year to go.

Trustee Eugene McGovney, head of the police department, was authorized to seek additional patrolmen. A curfew ordinance was adopted which is published in detail on another page in this paper. For those under 16 the curfew hour is 9:30.

The board concurred in the recommendation of the zoning board of appeals and granted a change from R-1 to R-3 for a seven and a half acre tract owned by William Bolker, of Cedar rd., north of the village. The parcel had been annexed previously. An R-3 classification will permit use of the property for multiple family dwellings. Bolker plans to erect four-unit buildings. He has 13 lots that can be used.

The board held a special meeting last night at which several items of business were to have been discussed. Because of mechanical limitations it is not possible to carry a story of this meeting until next week's issue.

DRAINAGE AID given residents along 94th ave., north of 145th st. by Cook county in the construction of this ditch to carry off surface water that had been collecting in yards. Arrangements for the help were made by Orland Park's mayor, Melvin Doogan. (Graphic Newspapers photo)

Princess Ida Presented At Lincoln-Way H.S.

The Lincoln-Way mixed chorus will present Gilbert and Sullivan's "Princess Ida" on Friday, Nov. 12, Saturday, Nov. 13 and Sunday, Nov. 14. The Friday and Saturday performances will begin at 8 p.m., Sunday matinee at 2 p.m. Tickets may be obtained from any chorus member or by calling the school, ext. 65.

Playing the title role will be Donna Guth as Princess Ida. Opposite her is Steve Stauffenberg as Hilarion. Other lead roles are being played by Warren Anderson, Toby Nichols, Jayne Wheel-

er, Sherrie Dralle, Karen Olson, Tim Ricketts and Dennis Huffman.

Also, Mike Mahon, Larry Subbert, Jim Subbert, Lois Ruhle, Ellyn Coon and Patsy Grisham.

Accompanists are June Swanberg and Harry Smith. The operetta is under the direction of Tom Olson.

This is the only operetta written by Gilbert and Sullivan that a L-W mixed chorus has not done. Since this is a three act play and the play is a satire it should prove to be very entertaining.

FIRST CAR over Wolf rd. bridge last Friday afternoon was traveling north and driven by Mrs. Melvin Kropp, Mokena. Mrs. Kropp was accompanied by her two children, Elizabeth 4 (at the window) and Shaun, 5, and her father and mother, Mr. and Mrs. Chris Bertelsen. (Graphic Newspapers photo)

Parents Get Report Cards

Orland School District #135 will hold parent conferences November 10 and 12. Parents who have children attending grades 1 - 6 must make an appointment to receive their child's report card. Teachers and parents will confer regarding individual progress and achievement according to test scores.

Parents of children in Kindergarten, seventh and eighth grades may have conference either at the parent's or the teacher's request. Usually a very high percent of the parents make and keep appointments. In the past parents and teachers have found the conferences most beneficial. Parents and teachers will confer Wednesday from 1:00 to 4:30 p.m. and 6:00 to 9:30 p.m. ... Friday from 8:30 to 3:30.

It is believed that this teacher-parent cooperation is a must for maximum student achievement. Parents are teachers. The teachers at school merely assist them and cooperate to help them achieve their duty as a parent. Conferences between parents and teachers are usually one of the best forms of communications for common understanding.

Midgets of Mokena Win Championship

Mokena's Junior varsity played giant killer again Sunday afternoon against the Bulldogs of Tinley Park. The Burros looked more like a bunch of stubborn mules as both offense and defense clocked flawlessly.

The final score in the game which decided the Southwest Midget Football league title was 14-7, but Tinley Park's touchdown was scored against Mokena's second and third team with 20 seconds remaining in the game.

Old standby, Ken Fortman, who has scored in all Burros games except one, ran for the winning touchdown. Darrell May scored Mokena's other

touchdown on alert defensive play. He recovered a Tinley Park fumble in the Bulldog end zone. May recovered another fumble later in the game. Brian Knierim, playing his finest game, blocked three Bulldog punts.

The Burros finished the league season undefeated.

In the varsity game, the Burros lost to Tinley, 26-0.

In the Pee-Wee game, Blake Tekotte led the small Burro team to a 12-0 win over the Bulldogs. Altho the Pee-Wees are not officially in the league, they have played all Pee-Wee teams in the league twice and have beaten each team at least once with no defeats. This adds up to a unofficial championship.

"I'd like a phone-jack in here—I've got a nosy little brother."

WARNS OF SPEED

Dear Sir:

Of course, we're all awaiting the new I-80; it will be welcome.

However, let's not wait for any more tragedies on Wolf road.

Speed limit north of 193rd is 50 miles an hour. This is much too fast since build-up of the area. There are 25, at least, children who wait for the school buses on corner of 189th, each day. These kids will wander on the highway to cross to opposite corner.

The over-pass north of Marley road will tend to speed the traffic south-bound.

Can you just picture a motorist attempting to turn into Wolf road off Marley road, with someone bearing down at him off the hill?

Just thought I'd drop a line-maybe you can exercise a little pressure on proper authorities to post a 30 or 35 mile zone in the afore-mentioned area, if you tend to agree to the dangers of Wolf road. Are there more such areas?

Sincerely yours,
Stan Resutko

Teen Love Theme Of Sandburg Fall Play

"Seventeenth Summer," a play dealing with teen love and other problems, is to be the fall offering of the Dramatics club of Carl Sandburg high school. It is to be presented in the school gymnasium Nov. 12 and 13. Curtain time will be 8 p.m. Tickets may be purchased at the door or from members of the Dramatics club or of the

cast. The play features Debbie Whittle as Angle Morrow and Tom Grenier as Jack Duluth—who are experiencing their first love at the age of 17.

Kathy Scarry and Leland McGown play Mr. and Mrs. Morrow, and Janet Miles, Sue Mulcahy and Paula Ferrin are cast as Angle's sis-

ters. Mary Lindholm and Lyn Mundjer play catty friends of Angle and Chuck Shores and Dave Haskel are cast as their boy friends. Mike Weist is also in the cast as the fiancé of Angie's sister, Margaret.

The play was written by Maureen Daly as an adapta-

tion of her popular novel of the same name ... It deals with an idealistic girl who must decide between a teenage marriage and going to college. The play also presents other problems currently being faced by many teenagers, and one possible solution to them.

Flammable Liquids

On Thursday, Nov. 5, the Orland Park Fire Department had as their guest speaker, Captain Thomas Hajek, Assistant Drill Master of the Chicago Fire Academy. He spoke to approximately fifty people on the subject of "Flammable Liquids".

The talk on "Flammable Liquids" was the first in a series of subjects to be covered by the Fire Department and is part of the constant training required of the fireman.

Chief Granat was pleased with the attendance. He emphasized that these sessions are open to the public

and hopes they will take advantage of this opportunity, to get a better idea of what the department is doing to protect them and their community. He further states that a good fire prevention program can only be effective by constantly informing the people of this community of fire hazards. The people of the community can prevent fires. The firemen can only extinguish them.

'66 Chevelle Malibu Sport Coupe (foreground) and new 4-door Malibu Sport Sedan.

Two racy new hardtops

A clean-sculptured new sport coupe with recessed rear window, and—for the first time—a 4-door Chevelle Sport Sedan. Pick from 12 racy-looking new Chevelles in all for '66.

Not only will you find more variety in the '66 Chevelle lineup, but even more of what makes a Chevelle a Chevelle.

Say you pick a new Malibu Sport Sedan and specify the new 220-hp V8. You've got yourself quite a machine.

Or pick a Malibu Sport Coupe, equip it with the new Strato-bucket front seats, and order the new 275-hp V8. You've got yourself even more machine.

Or maybe you'd like to pick a new black-grilled SS 396 Coupe or Convertible. (Standard engine is a Turbo-Jet 396 V8 with 325 hp. And there's also a 360-hp version you can specify.) Now you've got yourself the most.

Which '66 Chevelle for you? The answer to that covers a lot more ground than we can here. And that's where your Chevrolet dealer comes in.

See the new '66 Chevrolet, Chevelle, Chevy II, Corvair and Corvette at your dealer's

Foundation Founder To Retire As Director

The Community Center Foundation -- a fellowship idea started in the hills of Palos 35 years ago by the Rev. Paul T. Sanders -- will hold its annual meeting Sunday, Nov. 14, at 7 p.m. at the Main Lodge, 127th Street and Southwest Highway, Palos Park.

REV. MR. SANDERS

The occasion will mark the formal retirement of its founder and Director, the Rev. Paul T. Sanders, or "Sandy" as he is known to his thousands of friends.

Rev. Sanders will continue as a Trustee of the Foundation. The post of Director will be taken by his son, Frank W. Sanders, who has been serving as Assistant Director.

The annual meeting will be preceded by a Memorial

Bombers To Meet

The Lincoln Estates Democratic softball team, "Carstens Bombers" will hold a meeting to discuss and make arrangements for the forthcoming season. Tommy Vaughn will act as chairman for the evening. The meeting will be held at Hogy's Hall on Thursday, Nov. 18 at 8 p.m.

Service at 4:30 p.m. in the Wayside Chapel for Ernest Warner, a Palos pioneer who gave the land that helped the Foundation get started. A supper will be served after this service.

The public is invited, although reservations are requested for the supper.

The annual meeting of the Foundation is a traditional opportunity for its friends throughout Chicagoland to hear informal reports from committee chairmen representing the many Foundation ac-

tivities. On this occasion, Rev. Sanders will recall some of the early struggles of the Foundation and the development of its varied fellowship services.

These include operation of two summer camps, a model farm, a craft shop, art classes for adults and children,

the Fellow-crafters, a 4-H club, square dancing, and Vesper Services each Sunday in the Chapel. In addition, the Foundation derives part of its support in serving as a meeting place or retreat center for church and other groups, and as a Youth Hostel for travelers. In keeping

with its original goal of serving as "A house by the side of the road and a friend to all mankind", it has also provided therapy for fellowship and work plus coun-

selling, for many who have experienced emotional setbacks because of alcoholism or other problems.

Charles H. Kiefer, 2111 Collett lane, Flossmoor, president of the board of trustees, will preside at the meeting.

Republicans Plan Will Co. Debut For Cong. Arends

Illinois Republican congressmen will be honored at a dance Wednesday, Dec. 1, at D'Amicos 214, Joliet, according to Thomas Feehan, chairman of the Will county Republican central committee.

The special guest of honor will be Cong. Leslie Arends, of Melvin, who is the Republican whip in the house of representatives.

Rep. Arends, who has served 16 terms in congress, represents the 17th District. Recently court drafted congressional reapportionment maps, divide Will county between Rep. Arends' district and Cong. John N. Erlenborn's 14th district. Previously all of Will county was served by Rep. Erlenborn.

The new map puts Lockport, DuPage and Joliet townships in the 14th Dist. The remainder of Will county will be a part of the 17th Dist.

"All eleven Illinois GOP Congressmen have been invited, and we expect a majority to attend," Feehan announces.

The dance will be a major fund-raising event for Will county Republicans. Tickets are \$10 per couple.

"Even before 1966 arrives Will county Republicans are opening the 1966 campaign. The dance will kick-off our drive toward victory next November," Feehan said.

The Republican chairman disclosed Will county has been earmarked as a "must" area for the GOP next year.

Mokena School Board Hears P.E. Report

At a recent board meeting of the Mokena public schools, the board heard a special curriculum report on health and physical education from Jerome McGuire and Miss Judy McClain. The state recommendations by grade level were reviewed in comparison with Mokena's program and it was found that most requirements or recommendations are being met.

Mr. McGuire reported that the instruction of health education in the Mokena school system has become an integral part of our education program.

Health is taught at least twice a week in our 5th thru 8th grades. In the 7th and 8th grades the following subjects are studied: systems of the body, personal hygiene, sex education, and safety (home, school, bicycle). They also cover units on first aid, alcohol, tobacco, and narcotics.

Mr. McGuire and Miss McClain reported that many

activities are taught in the physical education program. All activities include physical fitness training with good robust health in mind. Such activities include flag football, soccer, softball, tumbling, gymnastics, trampolines, basketball, volleyball, tennis, badminton, scooter games and relays, wrestling, hockey, dancing, and precision calisthenics. Intramural and inter-scholastic athletics are a natural out-growth of physical education. The boys and girls of Mokena have ample opportunity to participate in both of these areas.

The board will review other areas of curriculum in the weeks ahead. The next curriculum to be reviewed will cover the social studies areas, specifically geography, history, civics, and citizenship. Mr. Fred Kieslar and Mr. Richard Quinn will review these areas with the board at a November meeting.

Dear friends,

Each funeral includes over 75 separate items of service. Many of these are never observed by the family. A partial list includes notifying relatives, death and burial certificates, clergyman arrangements, funeral plans, music, obituaries, notices, transportation, flowers, acknowledgments and honorariums, coordinating with your attorney and banker on Social Security, V.A. and joint property requirements.

He said statistical studies indicate this county and the other suburban areas around Chicago will decide the winners in next year's statewide races for U.S. Senator, state treasurer, and state superintendent of public instruction.

"The 1965 Republican township victories thruout Will county indicate we can recapture the county offices of sheriff and treasurer next year," Feehan added.

Other countywide offices at stake in 1966 are superintendent of schools now held by GOP appointee Boyd

Bucher and county clerk filled by Republican Clara Hartly Woodard.

All of Will county, except four northern townships, shares the new 41st state senate district with Grundy county. There is no incumbent senator in this district which Republicans are favored to carry.

Feehan said reservations are being accepted by mail and orders should be sent to Will County Republican Central Committee, 1254 Morgan, Joliet. Tickets are being distributed to Republican leaders.

"The proceeds will be earmarked for the operation of the new Will county Republican headquarters which will be opened in January. Our goal in 1966 will be to contact every resident person - to - person before November," Feehan disclosed.

Persons attending the Dec. 1 event will have an opportunity to meet a majority of the congressmen from the state, it was said.

The Republicans have reserved all the facilities at D'Amicos 214 for the occasion.

Last Saturday the Lincoln-Way Knights suffered their 5th straight conference football game defeat to Bremen 44 to 14.
